Title: Auditing Textbook

Author: Li Tien-min (李 天 民)

Publisher: Li-hsin Kuai-chi Yung-pin-she, Shanghai, 1951

Sponsor or
Issuing Authority: None indicated

No Pages: 239

Language: Chinese

Area of Coverage: China

Subjects Covered: Preliminary steps in auditing, auditing the profit and loss statement, auditing the assets and liability statement, making the auditing report

Review: The book is divided into five sections. The first two sections deal with preliminary steps to be taken before making an audit. The third and fourth sections deal with the auditing of individual accounts in profit and loss and financial statements. The last section deals with the making of an auditor's report. Many sample problems are included. The practices and principles illustrated are mostly American.
